

SUMMER READING

2nd Grade to 3rd Grade

This summer, students entering the third grade will be working on a summer reading log. Third grade teachers are asking that your child read 10 books throughout the course of the summer and write a short summary about each book. The books are to your child's choosing but should be near or on 3rd grade level. We encourage that the books read should be spaced out throughout the summer. Please do not have your child read all 10 books at the beginning of the summer or wait until the last week before school starts. Spreading out the books will help your child's reading fluency and comprehension to stay strong throughout the summer.

Thank you so much for your support.

We are looking forward to next year!

Have a great summer!
