

SUMMER READING

2nd Grade to 3rd Grade

Dear Families,

Welcome to our **Passport to 3rd Grade Summer Reading Adventure!**

This summer, students entering 3rd grade will complete a summer reading log to help keep their reading skills strong and ready for the upcoming school year.

Third grade teachers are asking that each student:

- read **6 books** over the summer,
- complete the reading pages in this packet,
- and write a short summary for each book they read.

Books are the student's choice but should be close to or at a 3rd grade reading level.

We encourage students to spread their reading throughout the summer instead of reading all **6 books** at once or waiting until the very end of summer. Reading regularly helps students maintain strong fluency, comprehension, and confidence as readers.

Thank you so much for your support and encouragement at home.

We are excited for an amazing 3rd grade year ahead!

Have a wonderful summer and happy reading! ✈️📖
